## 805 - STEEL SHOT PUT CAGE SPECIFICATIONS

The 805 Shot Cage consists of four painted steel net poles with ground sleeves, a vinyl coated net support cable to reduce net sag, and a weather treated nylon net. The poles are 14 gauge, 2 1/2" square steel tube finished with white powder coat paint. Each pole stands in a 20" deep ground sleeve. The net is 180 lb. test nylon which has been weather treated for longer life. Eighteen inch steel flip arms secure the 14' by 42' 6" net at the front two poles with anchored eyebolts used at the back poles.
